Cybersecurity Researcher

Native C1 B2 B1

PhD candidate in system security specializing in fuzzing and vulnerability research, with publications at top venues (NDSS, EuroS&P) and industry experience at AWS.

Experience

Amazon Applied Scientist Internship - AWS — Paris, FR
Research Internship — *Sep 2025 – Nov 2025*
- Research and development of automated fuzz testing methods to evaluate and ensure S3 data integrity

Saarland University - CISPA Helmholtz Center for Information Security — Saarbrücken, DE
Ph.D. Candidate — *Mar 2024 – Present*
- EuroS&P'26 paper: THEMIS: Context-Aware Grey-box Fuzzing for WordPress Plugins
- SBFT'25 paper: SBFT Tool Competition 2025 - Fuzzing Track
- NDSS'25 paper: TWINFUZZ: Differential Testing of Video Hardware Acceleration Stacks
- CVEs: Intel CVE-2024-23919, WP CVE-2025-9219, WP CVE-2025-5701, WP CVE-2023-7306

Master's Thesis — *Mar 2023 – Jan 2024*
- Research on Software and Hardware Fuzzing in collaboration with Intel

Research Assistant — *Apr 2022 – Mar 2024*
- Research on Fuzzing in System Security Lab

Fondazione Bruno Kessler — Trento, IT
Bachelor Thesis — *May 2021 – Sep 2021*
- CODASPY'21 paper: Secure Pull Printing with QR Codes and National eID Cards: A Software-oriented Design and an Open-source Implementation

Junior Researcher — *Feb 2019 – Dec 2020*
- Designed authentication protocols using the Italian CIE 3.0 smart card standard

Software Developer Internship — *Nov 2018 – Jan 2019*
- Mobile developer internship in Security&Trust Lab

Java Developer Internship — *Jun 2017 – Jul 2017*
- Java developer involved with data analysis and software development in Smart Community Lab

Matrix Tech — Trento, IT
Full Stack Developer — *Dec 2017 – Dec 2020*
- Developed a full-stack web service for access control and real-time occupancy monitoring, integrated with proprietary embedded hardware

Education

Saarland University — Saarbrücken, DE
Master in Cybersecurity — *Oct 2021 – Feb 2024*

Trento University — Trento, IT
Bachelor in Computer Science — *Sep 2018 – Sep 2021*

Technological Institute "G. Marconi" — Rovereto, IT
Diploma in Computer Science and Telecommunications — *Sep 2013 – Jul 2018*

Summer Schools — SG, USA, CH, DE, IT
Fuzzing and Software Security Summer School 2026 - Intel Workshop: Scalable Assurance 2024 – SBFT 2025 – EPFL Summer School in System Security 2024 – CISPA Summer School in System Security 2023 – CISPA Summer School in Trustworthy Artificial Intelligence 2022 – University of Trento School of Innovation 2021 - Predictive Maintenance Summer School 2018

Teaching

Teaching Assistant — Nov 2022 – Apr 2024

Prepared and delivered lectures, conducted exercise sessions, and created, administered, and graded exams for classes of 100+ students

- Saarland University (Nov 2022 – Apr 2024): Teaching Assistant in *Security*, *System Security*, *Human Computer Interaction* classes
- University of Trento (Sep 2020 – Feb 2021): Teaching Assistant in *C/C++ Programming* class
